Dear Friend,

I love my new apartment. I love being with my family and having my own bed. I can invite my friends over now. I am happy. I hope you are happy too.

David

Name,

We are excited to share that NAME made a gift to Housing Opportunities for Women (HOW) in your honor. HOW offers prevention strategies, affordable housing, and a range of support services to those who have experienced homelessness or housing insecurity in Chicago.

Hundreds of HOW families, like David's, will be spending the holidays celebrating in their own home. This would not be possible without our supporters, like NAME. We are grateful to you too, as you have inspired those around you to be generous and kind.

Thank you and have a joyous holiday season,

Beit Shaver
